

**COMPANY ANNOUCEMENT: 09-June-2020**

Dear Our Motorsport Customers,

Firstly, may we start we by passing on our thoughts to you, your families and your teams during this uncertain, concerning and worrying time. Whilst we whole hearted agree with the famous quote that "Racing is life and anything before or after is just waiting" you have all had to take a step back to ensure the safety and health of all those around you, and Champion RV have been doing exactly the same.

However, whilst we have been "Waiting" we have been determined to adjust our business model to ensure that when we can get back to our passion, we can keep everyone of you safe during your stay with us.

We have been actively speaking to race organisers and all tracks across the United Kingdom and Europe to establish the rules and guidelines for us to work to, which has given us the edge to be able to operate immediately.

With this letter we are pleased to be able to confirm that we have achieved our goal and can safely do business with you and ensure that we are fully compliant with all government guidelines for COVID-19.

Please see below our graph to highlight all of the key areas in which Champion RV are leading the way in U.K Motorhome and Trailer rentals.

Whilst we appreciate the above does not fully detail the full explanation of each category it should give you full confidence that your safety is our primary concern whilst staying with us.

Due to our companies changes, your first booking with us will be slightly different from before, as we will be explaining in more detail all of the above and of course answer any questions you may for us. This will enable us to operate a smooth handover service to you, your families and your team members.

Please find attached on your e-mail a guide to the handover process which highlights the changes to your rental vehicle to ensure we are fully compliant with the Government and circuit guidelines.

Once again, we thank you for taking the time to read this announcement and look forward to getting back to Racing and working with you in the near future.

Kind regards,

Nick Marney  
Sales Director
